

FSH Re-enrollment Process (as of 1/21/25)

1. Log into the Farmers for Soil Health platform

- Visit <https://fshenrollment.dtn.com/>.
- Navigate to the home screen with the program selection cards.

2. Initiate Re-enrollment

- Click the "**Re-Enroll**" button in the **2023 Fall Cover Crop Planting** card.

3. Edit Field Information

- Click the **pencil icon** for each field.
- Make any necessary edits to cover crop, acres, tillage method, and any other required data that is incomplete or needs updating to reflect the current year.

4. Upload Updated Documents

- Use the "**Upload Farmer Documents**" button from the field list/map page.
- Upload new "**Subsidiary Print**" for the current year.

5. Proceed to Attestation Page

- Once all changes to fields have been made, click the "**Next Step**" button to go to the attestation page.

6. Complete Attestation and Submission

- Review that your mailing address is accurate.
- Check all attestations and complete the e-signature portion.
- Click the "**Submit Application**" button to successfully re-enroll.

Optional

7. Pre-load Verification Documents

- Pre-load verification documents such as seed tags, seed receipts, pictures of the field, and planting maps.
- This can help get your fields verified faster, allowing for earlier payment compared to waiting for the remote verification process.
